

2019

YEAR IN REVIEW

our mission is at the core of WHO WE ARE

MISSION

To enrich the lives of children with special needs and their families through sports, fine arts and educational programs to foster the development of courage, confidence, fitness, pride, joy and community.

VISION

To be the premier and recognized leader for adaptive sports, fine arts and educational programming, serving children with intellectual and physical challenges, in our community and beyond, so that all children can achieve new possibilities previously unimaginable.

REACH

We currently serve San Antonio, Schertz and New Braunfels with seasonal recreational programs, monthly competitive programs and one-day events.

a message from our FOUNDERS

Dear Kinetic Kids Family,

Kinetic Kids changes lives for the better. We provide children with special needs options for health, friendship, team and inclusion. After 19 years, we continue to fulfill the hearts of children with special needs and their families by getting them off the sidelines and into the game.

Some people think we are sisters, and others just call us "TraceyKacey." But our biggest commonality is our love of sports. Tracey grew up on the soccer fields while Kacey hit the tennis courts. We both appreciate the impact sports had on our childhood as an avenue to unity, friendships, confidence and dreams fulfilled.

Physical therapy brought us together in 2001. Working at Methodist Children's Hospital, we saw first-hand the desire ALL children have to play sports, whether you are short, tall, loud, non-verbal, use a wheelchair, or run with a different movement pattern. Every child wants to be the best they can be. Belonging to a team, making friends, and having the chance to be "in the game" builds confidence and inspires joy in athletes and their families.

As Kinetic Kids has grown, so have our goals. Our first baseball team in 2001 gave just one group of children with special needs the opportunity to step up to the plate. But then they wanted to score goals. Run faster. Cheer louder. Swim longer. So as our Kinetic Kids' dreams grew, so did the need for competitive programming! In addition to our recreational programs, we now offer two competitive divisions that compete in a variety of sports across our city, state and country.

TRACEY FONTENOT & KACEY WERNLI

Our goal has always been to see the child first, and the diagnosis second which is why we have options for all ages and all goals. With our continued use of licensed pediatric therapists, sport-specific coaches, and trained volunteers, we are able to adapt activities so every child may play his or her favorite sport.

Looking back at 2019, we know our progress is only possible through the generosity of our donors, participants, sponsors, foundations, corporations, organizations and volunteers! Thank you for making a difference. Together, we are keeping Kinetic Kids' families off the sidelines and in the game!

Sincerely,

Tracey Fontenot *Kacey Wernli*
Tracey Fontenot & Kacey Wernli

Co-Executive Directors & Co-Founders

recreational RECAP

We offered 171 recreation programs in 2019, which is a 4% increase over 2018 and included two new sports. Most of the increase occurred in south San Antonio and New Braunfels.

SOUTH SAN ANTONIO EXPANSION

New partnerships with Palo Alto College and Little Cowboys soccer fields allowed us to offer three additional programs in 2019 which bumped participation in south side programming by 52 percent with Kinetic Kids enjoying dance, soccer, basketball and baseball. We also served 800 students with special needs at our second annual Get Active Day with partners: Believe It Foundation, Harlandale ISD and Edgewood ISD.

NEW BRAUNFELS EXPANSION

We were thrilled to add Das Rec, Extreme Gymnastics, Dance by Design and Cemex Nature Center as new facility partners in 2019. These partnerships meant we were able to offer multiple programs during both the fall and summer seasons including basketball, swim, dance, CrossFit and a one-day outdoor explorer event.

2020 GOALS

We are so proud of the additional opportunities we are providing for children with special needs and plan to continue expanding in 2020.

**TWO NEW
PROGRAMS**

We drive an hour
to participate in
Kinetic Kids and
it is worth the joy
that I see in him!

— Kinetic Kids Parent

Featured as our “Paralympic pipeline,” SA Xtreme has made strides in 2019! This competitive division is designed for athletes who only have physical disabilities. We offer track & field, swimming, wheelchair basketball, archery, tennis, bocchia and goalball.

We are proud to have the very first adaptive youth archery team! Our team of 10 athletes competes both in and out of San Antonio.

In our second year at Junior Nationals, we doubled the number of Kinetic Kids athletes who qualified and attended from four to nine. Some athletes set world records in track & field events, and all nine set new personal records in at least one event.

Our wheelchair basketball team was on fire at the Larry Turner Classic. EVERY athlete scored a basket during the competition!

**My child has not only
learned all kinds of skills,
but has gained confidence
along the way too!!**

— Kinetic Kids Parent

Appropriate for athletes with intellectual and/or physical disabilities, our Premier division includes gymnastics, cheerleading, dance, CrossFit, swimming, dive, basketball, and soccer. Though our gymnastic team has previously competed in Special Olympics, in 2019 we debuted basketball and soccer at the games with both advancing to state competition. Our basketball team also sealed several victories in Dallas.

Dancing her way through it all!

Sammi Haney has osteogenesis imperfecta, or brittle bone disease, a lifelong condition resulting in bones that break easily. Sammi's case is so severe that she was born with 19 fractures. Now nine years old, Sammi has endured over 100 fractures and too many surgeries to count, but none of that stops her!

Sammi's first Kinetic Kids program was dance, and she now competes with SA Premier dance team! According to her mom, Priscilla, dance is Sammi's favorite activity because it gives her independence and the opportunity to socialize: "by the second class, she went in on her own, took off her shoes by herself, and I got to sit in the waiting room with the other parents while she danced with new friends."

To a mother, whose doctors could not even guarantee her daughter would make it through birth, these achievements are reason to be thankful. "She feels like she is part of a team. In her last performance I could see how excited and proud she was that they worked all season," Priscilla described through tears. "She felt like a winner. She felt like she won. And I can't wait for her to do it again."

Dancing is just one of Sammi's passions. She is also an actress and entrepreneur! She performs as Esperanza on the Netflix Original series *Raising Dion* and she serves as CEO of Disability Shirts, a t-shirt company her dad created to spread awareness and acceptance of the special needs community.

FOR THE GDOVIN BROTHERS, VOLUNTEERING IS A FAMILY AFFAIR

Kinetic Kids volunteers are the heart of our organization and play a pivotal role in allowing us to help children with special needs experience the joys of childhood in new and exciting sports and activities.

At first glance, you might not think the Gdovin brothers have much in common. Joey describes Michael as the clean-cut, super-organized brother who is pursuing a master's degree while working as an emergency department technician at University Hospital. Joey describes himself as a big hippie with dreadlocks, full-tattoo sleeves and a love of all things tie-dye who is pursuing a counseling degree while working at San Antonio Recovery Center.

It was Michael who stumbled upon the Kinetic Kids website. His love for sports connected with our mission. "I know sports are great for kids, especially for kids with special needs to help them be active, release energy, and stay involved," said Michael. After two seasons of volunteering he invited Joey to join him since they love spending time together giving back to their community. "We both have very long days that start at 6 a.m. I can't tell you how many times I'm getting out of school and I'm exhausted, but as soon as I work with the kids, my attitude changes. And I know this is where I'm supposed to be," said Joey.

On the surface they are quite different. But in their hearts, they are the same. They agree that

volunteering for Kinetic Kids has brought joy, not only to kids with special needs and their families, but to them as well. "Seeing the kids come in on the first day and not knowing what to do with a basketball, then seeing them later make a basket and have them turn to you and their parents with such pride and joy," said Michael. "You are happy...happy for the kids, and happy for the parents."

**I know I'm where
I'm supposed to be!**

— Joey Gdovin, Volunteer

The 2019 Walk.Run.Roll raised \$24,000 through record-breaking attendance. Our mission was truly in motion, as over 500 Kinetic Kids, sponsors and community members got active by walking, running and rolling on a chilly Saturday in January. The fun-filled morning featured timed races, the Spurs' Coyote, a llama petting zoo, face painting and interactive games.

STAFF SPOTLIGHT

Sabrina Ponce

The special needs community has a special place in the heart of Sabrina Ponce. Her older brother, Saul, had spina bifida. His condition confined him to a wheelchair, but Sabrina does not remember him complaining about his disability or his wheelchair, "To him that was just an accessory, and he didn't let anything keep him from radiating love and joy." So, when she needed a 400-hour internship to complete her undergraduate degree, Sabrina knew Kinetic Kids was the best fit for her, even though it meant moving from Corpus Christi to San Antonio.

The internship was a great experience, until it ended. Sabrina simply didn't want to leave Kinetic Kids: "Once you start, you can't continue without them. These kids grab your heart." So, she transferred schools and volunteered while completing her occupational therapy degree.

Nearly 13 years after her brother's passing, Sabrina remains committed to the special needs community and to Kinetic Kids where she now serves as a program director. "This is somewhere the kids can be independent and successful in sports they're interested in," said Sabrina. "My favorite part is the kids, but I love looking back at the parents because their faces say it all, too. Some are teary eyed, others are smiling with such joy in their face because they didn't think it was possible. It's a sweet reminder what Kinetic Kids is about."

Once you start,
you can't continue
without them.
These kids
grab your heart!

— Sabrina Ponce, Program Director

Families of children with special needs in the San Antonio area can discover an extensive range of adaptive devices, accessories and support services at our Kinetic Kids EXPO. A free community event, the 2019 event featured more than 70 local and national resources and drew almost 800 attendees who spent the day visiting vendor booths, participating in adapted sports and having fun in the kid zone!

DISCOVERING DISABILITIES DAY

educating & enlightening peers

Established with the goal of educating elementary students about differently-abled individuals and increasing awareness, Discovering Disabilities Day is an event we co-host with local elementary schools to increase students' awareness of the variety of disabilities in our community. In 2019, we impacted 2,640 elementary students in four events in Northside ISD, Comal ISD and Alamo Heights ISD.

mission POSSIBLE

For the last six years, Mission CrossFit SA has been donating proceeds from A League of Their Own (ALOTO), a functional fitness challenge for women created by Amy Hicks.

Amy, a former Mission CrossFit coach, has a daughter with special needs and loves the Kinetic Kids mission. So, when ALOTO was born, she recommended Kinetic Kids as the beneficiary for the ALOTO fundraiser. Feeling they could make more than a donation, Mission CrossFit SA also invited Kinetic Kids to compete alongside their athletes. "I was so grateful to have Kinetic Kids in the community, and I wanted to give these kids an outlet to let them participate and compete like everyone else," recalled Amy. "I'm emotionally invested, but having them come and try out with the team—it's unbelievable! "

Each year, Mission CrossFit SA has donated a large portion of ALOTO proceeds to Kinetic Kids and our athletes continue to compete. "We give the Kinetic Kids athletes their own lane and space to work out with other athletes," said Drew Bignall, Mission CrossFit SA owner. "We get to see their joy and it's a rewarding experience for the athletes, the coaching staff and everyone present." Amy agrees, "To see their success! It's so joyful and impactful it makes the event for me."

Moments like these are the result of the generosity of our sponsors, community partners, program partners, grantors and donors. Thank you for your support!
